

## “Success with Security + Quality!”

### Documentation now online available

The ift Special Show at “Fensterbau Frontale“ 2016 in Nuremberg was entitled “Success with Security + Quality!”. The documentation of the Special Show is now available at the ift online shop and contains interesting information about the issues ‘security’ and ‘quality’.

Quality has to be recognisable and assured characteristics must be maintained on a long term base. This principle as well as suitability for use and sustainability of quality products is getting more and more important for manufacturers, architects, dealers and building owners.

Also, in the context of increasing crime rates, security is becoming a serious aspect, which has also been discussed at the ift Special Show. Interesting information especially about the issues burglar resistance, reliability of use, fire safety and smoke control can be found in the documentary.

How quality and security of building components can be successfully designed, implemented and tested is shown on the 40 pages of “Success with Security + Quality!” (ift Special Show, Fensterbau Frontale 2016).

The documentation can be ordered at [www.ift-rosenheim.de/shop/en/](http://www.ift-rosenheim.de/shop/en/) (a nominal charge of 0.50 € and mailing costs have to be payed).

#### **Info about ift Rosenheim (for the technical press)**

ift Rosenheim is a notified European testing, surveillance and certification body with international accreditation, according to DIN EN ISO/IEC 17025. The core activities of ift Rosenheim include practice-oriented, holistic and fast testing and assessment of all characteristics of windows, facades, doors, gates, glazing and construction materials. ift's goals are the sustainable improvement of product quality, design, and technology as well as standardisation procedures and research. Certification by ift Rosenheim ascertains acceptance all over Europe. ift is committed to providing knowledge and as a neutral institution, ift Rosenheim enjoys a special status with the media and a great variety of publications document cutting-edge information. (752 characters incl. spaces)

#### **Info about ift Rosenheim (for the public press)**

You need skills, technology and experience for good structures, and this is especially applicable to windows, facades and doors. Since 1996, ift Rosenheim has been supporting the industry with 200 employees as a neutral scientific institute with technical services. These include tests, research, certification and quality management as well as standardisation, advanced education and technical information. In this manner, ift Rosenheim promotes the development of quality products that are suitable for use, environment-friendly and efficient and which make life more comfortable, secure and healthy.
